

November 9, 2000

TO: IC Personnel Officers

FROM: Director, Human Resource Program Support Division, OHRM

SUBJECT: Closure of NIH Facilities

The following provides emergency closure or dismissal procedures for NIH employees in the Washington, D.C. area in the event of inclement weather conditions during the 2000/2001 winter season.

If a weather-related emergency arises before the workday begins, the Office of Personnel Management (OPM) will provide an announcement regarding the operating status of the Federal Government to the media by 6:00 a.m., whenever possible. As soon as the status is determined, it will also be posted on OPM's web site at <http://www.opm.gov> and a recorded message will be provided by OPM's Office of Communications on 202-606-1900.

The announcements which will be used by OPM are: (a) federal agencies are OPEN; (b) federal agencies are operating under an UNSCHEDULED LEAVE policy; (c) federal agencies are operating under an ADJUSTED HOME DEPARTURE policy; (d) federal agencies are operating under an ADJUSTED HOME DEPARTURE/UNSCHEDULED LEAVE policy; and (e) federal agencies are CLOSED. A list of these announcements and their meanings is attached. Please explain the meaning of the announcements to your employees. Employees are responsible for checking their local radio and television stations for one of the media announcements and/or contacting OPM via their web site or telephone number.

If during the workday severe weather conditions arise, the OPM may authorize an adjusted work dismissal policy and the release of employees will be guided by their normal departure from work. Employees, as in the past, are **not** to rely on media announcements for early dismissal. If it becomes necessary to dismiss employees during the workday, the Human Resource Program Support Division, OHRM will notify you of the decision as soon as possible.

Emergency employees are not affected by the above procedures. They are expected to report to work on time in the event of an adjusted home departure announcement. If they are already at work when notification of an adjusted work dismissal is received, they are to remain at work through the end of their tour. Employees are designated as emergency employees if they provide services that are vital to public health, safety, or welfare, national defense, or the operation of essential facilities. These employees receive annual notification of their emergency status.

OPM assures us that they encourage and will follow a policy of allowing more general use of unscheduled leave so that employees who truly find it impossible or unsafe to make it to work or who arrive late can use annual leave, previously earned compensatory time or credit hours, or leave without pay, while the essential functions of the Government continue with the employees who are able to make it to work. However, on those days that OPM does not declare an unscheduled leave policy because conditions generally are not bad, supervisors are encouraged to be sensitive to the fact that localized weather and road conditions may preclude some employees from safely commuting to work and to grant unscheduled annual leave, available compensatory time or credit hours, or leave without pay to such workers. Additionally, if it is announced the Federal Government is open but some employees are unavoidably delayed in arriving for work, supervisors may grant a reasonable (based on distance, mode and availability of transportation, and success of other employees in similar situations) amount of excused absence.

HHS Instruction 610-3 and NIH Manual Chapter 2300-610-2 provide additional information regarding closure due to inclement weather and the temporary closing of buildings for other situations. If you or your staff have questions regarding the above, please contact Sandra Olmsted on 2-7599.

EMERGENCIES BEFORE THE WORKDAY BEGINS

OPM will provide one of the following five announcements to the media when an emergency occurs before the workday begins.

- a. "Federal agencies are OPEN; employees are expected to report for work on time."

Means Federal agencies will open on time, and employees are expected to report for work as scheduled.

- b. "Federal agencies are operating under an UNSCHEDULED LEAVE policy; employees may take leave without prior approval."

Means Federal agencies will open on time, but employees not designated as "emergency employees" may take annual leave, previously earned compensatory time or credit hours, or leave without pay (LWOP) without the prior approval of their supervisors. However, employees **must** inform their supervisors of their intentions. Employees designated as "emergency employees" are expected to report for work on time.

- c. "Federal agencies are operating under an ADJUSTED HOME DEPARTURE policy. Employees are requested to leave home (____) hours later than their normal departure time."

Means Federal agencies will open on time, but non-emergency employees should adjust their normal home departure time consistent with the announcement, and non-emergency employees who arrive late will be excused without loss of pay or charge to leave. For example, if OPM announces that an "adjusted home departure" policy is in effect and employees should delay their normal departure time for two hours, employees who normally leave for work at 7 a.m. would delay their departure until 9 a.m. The employee would be granted excused absence from the time he or she normally arrives at work until the time he or she actually arrives at work. Employees designated as "emergency employees" are expected to report for work on time.

- d. "Federal agencies are operating under an ADJUSTED HOME DEPARTURE/UNSCHEDULED LEAVE policy. Employees are requested to leave home (____) hours later than their normal departure time, and employees may take leave without prior approval."

Means Federal agencies will open on time, but non-emergency employees should adjust their normal home departure time consistent with the announcement, non-emergency employees who arrive late will be excused without loss of pay or charge to leave, and non-emergency employees may take annual leave, previously earned compensatory time or credit hours, or LWOP without the prior approval of their supervisors. Employees **must**, however, inform their supervisors if they plan to take off. Employees designated as "emergency employees" are expected to report for work on time.

- e. "Federal agencies are "CLOSED."

Means employees not designated as "emergency employees" are excused from duty without loss of pay or charge to leave. Employees on alternative work schedules (AWS) who are not scheduled to work on that day are **not** entitled to another AWS day off. Employees designated as "emergency employees" are expected to report for work on time.

EMERGENCIES DURING NORMAL WORK HOURS

When an emergency situation occurs during normal work hours, OPM may announce that the Federal Government is operating under an "Adjusted Work Dismissal" policy. This policy permits non-emergency employees to leave work early relative to their normal departure times. For example, if a 3-hour early dismissal is authorized by OPM as a result of hazardous weather conditions, employees who would normally leave work at 5 p.m. would be authorized to leave at 2 p.m. Employees designated as "emergency employees" who are already at work when notification of an "adjusted home departure" is received are to remain at work through the end of their tour.
